

SAFETY AND CAUTIONS

Before operating this equipment, carefully read and follow these safety cautions.

Ensure filters are inserted before running unit
Running the unit without filters may shorten the lifespan of the unit and cause electric shock or injury.
Be sure foreign objects are NOT inserted into the vents on the unit

Objects can include pins, rods, and coins.

Do not touch any part of the interior of the unit with wet hands

The high voltage may cause electric shock.

Ensure unit intake and outlet vents do not become blocked

Blockage may lead to increased internal temperatures, causing product failure and deformation.

Do not use the unit as a step stool or place heavy objects on it

Personal injury may occur or product failure and deformation.

When turning the product upside down, install the filter with care in the direction that the bottom (blocked) side of the filter is visible from the top

If the filter direction is not installed properly, it may cause product damage and user injury.

WARNING

Follow these instructions to reduce the risk of serious injury or death and to reduce risk of damaging the unit.

- If the power cord is damaged, it must be replaced with a special cord. Assembly available from the manufacturer or its service agent.
- This appliance is not intended for use by a person (including children) with reduced physical sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.
- This unit is not intended to be used to preserve documents or in art conservation.

SAFETY INSTRUCTIONS

Thank you for purchasing a Winix air purifier. This product is for household use only.

IMPORTANT CAUTIONS FOR USING YOUR AIR PURIFIER

WARNING: Follow the instructions in this manual to reduce the risk of electric shock, short circuit, and/or fire.

- Do not repair or modify the unit. All repairs should be completed by a qualified technician.
- If the power plug is damaged, it must be replaced by the manufacturer or a qualified technician.
- Remove the power plug from the outlet when not in use.
- Do not handle the power plug with wet hands.
- Do not operate the unit when using indoor smoke-generating insecticides.
- Do not clean unit with benzene or paint thinner. Do not spray insecticides on the unit.
- Do not use the unit where it is humid or where the unit may become wet, such as the bathroom.
- Do not insert fingers or foreign objects into air intake or outlet.
- Do not use the unit near flammable gases. Do not use near cigarettes, incense, or other spark-creating items.
- Unit will not remove carbon monoxide emitted from heating appliances or other sources.
- Do not unplug or move the unit while in operation.
- Do not plug additional appliances into the same outlet or power supply.
- Do not touch the plug with wet hands.
- Unplug the unit when not in operation for extended periods of time.
- Do not place around heating elements.
- Do not use around mist or fumes from industrial oil or around large quantities of metallic dust.
- The cord can become damaged by forcefully bending, pulling, twisting, bundling, pinching or placing heavy objects on it.
- Do not install in any sort of motor or transport vehicle (trucks, boats, ships, etc.).
- Do not place in an area with excessive amounts of noxious gases.
- Do not place near any flammable materials (aerosols, fuel, gases, etc.).
- Do not have the unit facing into wind or drafts.
- Do not place below any electrical outlet.
- Do not place in excessively humid areas where the unit may become wet.
- To reduce the risk of fire or electric shock, do not use this fan with any solid-state speed control device.
- Do not place unit closer than 12 inches from the wall during operation. It may cause condensation on the wall and the surrounding area.
- Do not use if the power cord or plug is damaged or the connection to the wall outlet is loose.
- Use AC 120 V only.
- Do not damage, break, forcefully bend, pull, twist, bundle, coat, pinch, or place heavy objects on the power cord.
- Periodically remove dust from the power plug. This will reduce the risk of shock due to humidity build up.
- Remove the power plug from the outlet before cleaning the unit. When removing the power plug, grasp by holding the plug itself, never hold by the cord.

IMPORTANT PRECAUTIONS FOR USING YOUR AIR PURIFIER

- Do not block the intake or outlet vents.
- Do not use near hot objects, such as a stove.
- Do not use where the unit may come into contact with steam.
- Do not use the unit on its side.
- Keep away from products that generate oily residue, such as a deep fryer.
- Do not use detergent to clean the unit.
- Do not operate without a filter.
- Do not wash and reuse the True HEPA Filter.
- Hold the handle on the back of the unit to transport.
- Do not hold by the front panel.
- Do not stick any small objects in the air outlet vents or fan.
